

LeadHub

Lead Generation • CRM • Follow-up • Conversion

Multi-tenant loan agent website and lead dashboard SaaS

This project gives each loan agent a public fintech-style website, a secure private dashboard, tenant-isolated lead management, public lead capture, EMI tools, WhatsApp actions, and profile controls powered by Supabase Auth, Postgres, and Row Level Security.

Agent websites

Public pages update from each agent profile and support mobile-first lead capture.

Lead CRM

Agents manage statuses, notes, WhatsApp follow-up, and deletions from one dashboard.

Secure tenancy

Supabase RLS keeps every profile, lead, and note isolated by logged-in user.

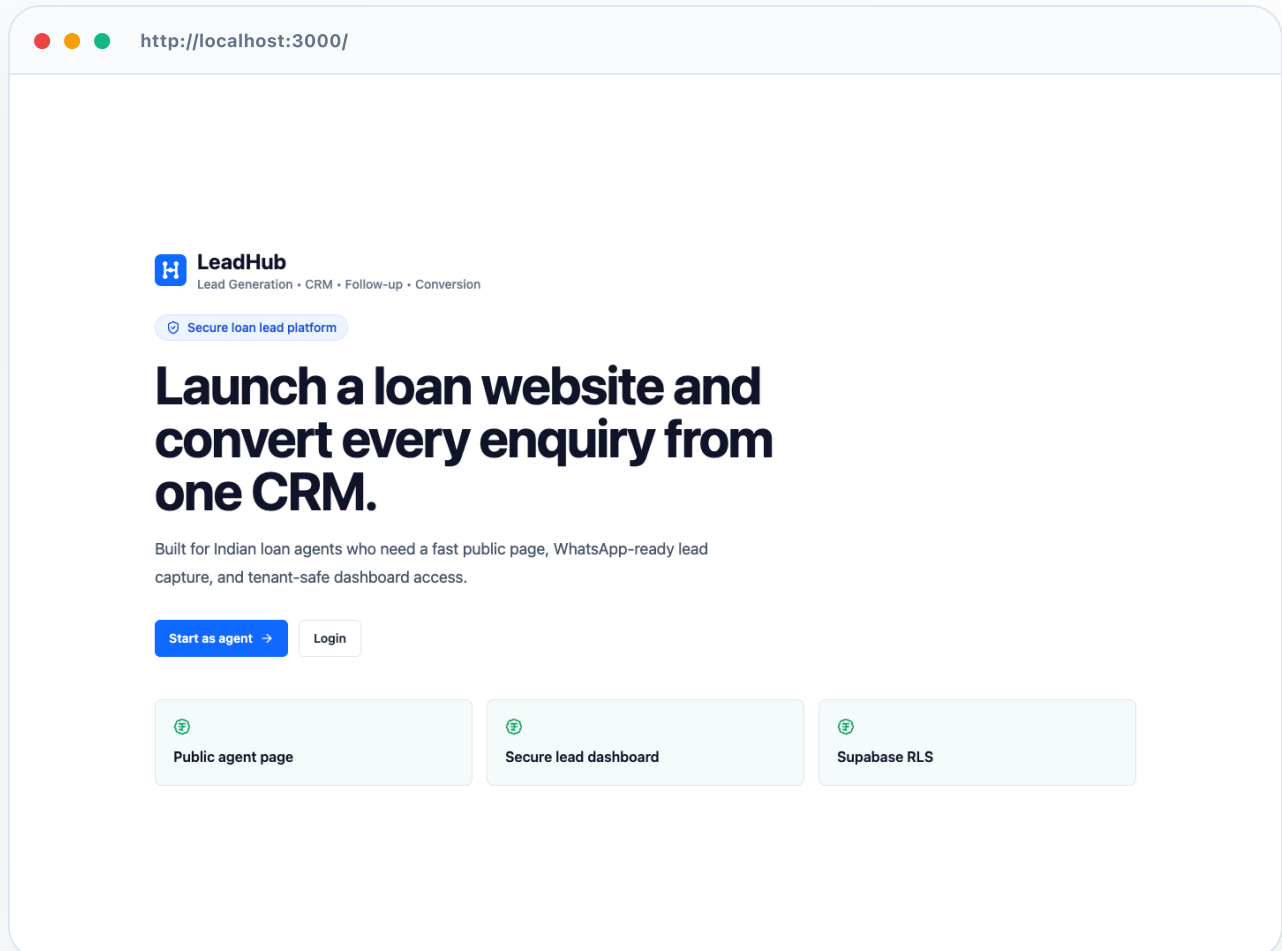

Production ready

Next.js App Router, TypeScript, Tailwind CSS, Supabase, Vercel-ready setup, and Brevo SMTP guidance.

Prepared on 8 June 2026

LeadHub Overview

The product entry point introduces LeadHub as a loan website, lead CRM, follow-up, and conversion platform.

SIGNUP

Agent Signup

Agent onboarding collects business details, logo, services, address, and secure auth credentials.

http://localhost:3000/signup

Create agent account

Your public page and private dashboard are created together.

Business name *	Agent name *	
Email *	Password *	
Phone *	WhatsApp number *	
	☐ Same as phone number	
Pincode *	Area / city *	
700001		
Enter a valid 6 digit pincode	City is required	
District *	State *	
District is required	State is required	
Landmark (optional)	Logo URL (optional)	
Near bank, market, or main road	https://...	
Upload logo image	Public slug *	
Choose file No file chosen	Use	
PNG, JPG, or WebP up to 2 MB. Uploaded image overrides Logo URL.
